Showdown is Seen Between Wallace and Byrnes Group

Further Utterances May Cause Cabinet Split; Others Likely

Washington, Sept. 16.—(AP)—Secretary of commerce Wallace said today "I stand upon my New York speech"—a speech on foreign policy at sharp variance with that of Secretary of State Byrnes. President Truman repudiated it Saturday as U. S. policy.

Wallace's statement given to reporters shortly after he returned to his office from New York said:

"I stand upon my New York speech. It was interesting to find that both the extreme right and the extreme left disagreed with the views I expressed. Feeling as I do however, that most Americans are concerned about, and willing to work for, peace, I intend to continue my efforts for a just and lasting peace and I shall, within the near future, speak on the subject again."

Aides at the commerce department told reporters before the statement was issued that Wallace had talked by telephone with the White House and probably would see Mr. Truman sometime tomorrow.

They said Wallace would have nothing further to say about his New York speech today.

At the state department, officials said they hoped that Wallace would decide against making any more speeches on foreign policy unless he first clears them with the state. Information as to his actual course was lacking there, however.

At the commerce department Wallace aides said Wallace had no immediate comment on the reaction to his speech—including President Truman's repudiation of his approval of it.

They said Wallace might issue a statement later in the day. There was some talk, too, that he might try to see the president and clear up the situation resulting from Mr. Truman's saying that while he had not approved what Wallace said, he did approve his right to say it.

The White House disclosed Undersecretary of State Clayton, spearheading the state department's counter-moves to Wallace's attack on Byrnes policies, would see Mr. Truman at 12:30 p. m. (CDT), but did not divulge the purpose of the visit. Charles G. Ross, White House secretary, said he did not no why Clayton was calling.

Every sign pointed today to red hot dispute between Henry A. Wallace and the State department over future foreign policy speeches by the Secretary of Commerce.

Whether a full-scale cabinet crisis would develop remained to be seen.

It appeared to hinge on whether

Dwight Fugitives Caught in Texas

Dallas, Tex., Sept. 16—(AP)—Two escapees from the Illinois State Reformatory for Women were captured here last night when they appeared at a telegraph office to claim a money order, Detective Lieut. John Daniel said.

They were identified as Mrs. Norma Jean Brooks, 31, Elizabethtown, Tenn., and Maude Fay McDaniels, 28, Danville, Ill., who escaped Sept. 8 from the reformatory at Dwight, Ill.

They offered no resistance to arrest, he said. Detectives had been waiting for the pair at the telegraph office for several days

Daniel said Mrs. Brooks told this story of the escape.

The pair threw a mattress from the third story window of their cell to break their fall. Then, tying bedsheets together to form a rope, they slid down the equivalent of one story, dropping the remainder of the distance to the ground.

The two women hitchhiked to Atlanta, Tex. At Sulphur Springs, Tex., they accepted a ride with two Cleveland, O., men in a car bearing Ohio license plates.

The men, waiting in front of the telegraph office last night, were arrested and held for questioning by police.

Mrs. Brooks was serving a 30 year term for the pistol slaying of Felix Shannon, a wealthy Mt. Erie, Ill., farmer. She told detectives she planned the escape because the parole board refused her application for parole.

Maude McDaniels was serving a one-year term on a dependency charge for failure to support a child, Daniel said.

Divorces Nearly a Third of Wedding Totals in America

Washington, Sept. 16.—(AP)—The nation's courts ground out nearly one-third as many divorces as there were marriages in 1945, setting divorce record 25.5 per cent over that of 1944, the previous peak year.

In reporting the divorce-marriage ratio, the federal security agency said more than 502,000 marriages ended in divorce courts last year, while 1,618,331 couples formed new families. The marriage rate was 8.7 per cent below the peak year of 1942.

Wary of using its study to predict future trends, the FSA reported that both marriage and divorce rates rise with prosperity and fall with depression, adding:

"The marriage is the more sensitive of the two, since a marriage contract can be entered into more readily than it can be dissolved."

With the divorce rate nearly steady at 1.9 divorces per 1,000 population in 1937-39, it jumped to 3.6 in 1945. The ratio of divorces to marriage also climbed from 17.8 divorces per 100 marriages to the 1945 total of 31 divorces per 100 marriages.

The nation's marriage rate followed the prosperity-depression curve, with an unprecedented low of 7.9 per 1,000 in the depression year, 1932. Business improved and the rate climbed to 11.3 in 1937. It dropped one point with the brief recession of 1938 and started climbing again.

The start of the draft and of defense manufacturing sent the wartime wedding march into high gear.

The wartime peak came in 1942 when 1,772,132 couples said their vows. There was a two-year decline then as eligible men went overseas. But by mid-1945, soldiers came home for redeployment and veterans returned to civilian life, a new marriage rush began.

NMU Threatens to Intensify Walkout As Talks Collapse

Shippers Refuse to Keep Talks Going as Union Ends Security Watch

(By The Associated Press)

Collapse of negotiations to end the most crippling shipping strike in the nation's history was followed today by the CIO National Maritime Union's threat to intensify the walkout in ports all over the country and bring out thousands of pickets in a mass demonstration in New York.

Conferences between officials of the National Maritime Union (CIO) and east and gulf coast ship operators were broken off last night when the operators said discussions would be "futile" while the NMU coupled its demands with those of two west coast unions.

The operators also refused to continue the negotiations because of the NMU's action yesterday in withdrawing security watches from ships in Atlantic and gulf ports, leaving them unguarded from "fire and other potential perils."

Curran Walks Out

Joseph Curran, president of the NMU, walked out of last night's meeting and termed the employers' action a "lockout." He said the union would not resume negotiations until west coast shipowners agreed to meet with the marine cooks and stewards union (CIO) and the Independent Marine Firemen's union

Both unions are affiliated with the NMU in the Committee for Maritime Unity, organization of six CIO unions and the one independent group.

West coast shipowners maintain that their contract with the two unions, who ask the same increases won by AFL seamen last week, does not provide for a reopening of the wage question at this time.

The unions are seeking parity with the AFL Sailors Union of the Pacific and the Seafarers International union which gained wage boosts of $2.50 monthly on the west coast and $27.50 on the east coast. The NMU last June won a $17.50 monthly raise for its members.

Curran made a bid for government intervention today when he sent a telegram to President Truman asking the president to instruct government agencies to "force" a contract "which will embody the same pay increases already given to AFL Maritime unions on the basis of the same

Connally Demands Trieste be Freed In Answer to Reds

Make Symbol of Peace, Texas Senator Urges Paris Conferees

Paris, Sept. 16—(AP)—Senator Tom Connally, replying to Soviet Foreign Minister V. M. Molotov, today demanded that the peace conference establish Trieste as a truly free state, independent of both Yugoslavia and Italy.

Citing the principles on Trieste agreed upon by the foreign ministers council, Connally asserted these agreements should be honored for the sake of peace.

"Let us make Trieste the symbol of peace and security in the world", the Texas senator urged.

Connally, who is chairman of the U. S. senate's foreign relations committee, addressed the Italian political commission. He said Trieste must not be "merely a paper state".

Ignores Wallace Talk

The senator made no reference to the controversy arising from last week's speech by Secretary of Commerce Wallace on American foreign policy. Instead, he devoted nearly all his speech on comment on the Trieste proposals made Saturday by Molotov and echoed this morning by the Yugoslav Deputy Premier, Edward Kardelj.

In an hour long speech, Kardelj declared western powers were attempting to "draw a heavy iron curtain around the Mediterranean sea".

Connally asserted Europe, which had produced two world wars, must do its duty for peace.

"World peace", he said "is more important than a few miles of territory or national pride.

"The challenge to peace is here, righ here on our door step, right here on this table. Trieste must not be another Danzig. It must be free from intrigue and conspiracy".

Italy and Yugoslavia, the senator emphasized, were both subordinate to world peace. All nations were involved, including the United States, and, the senator declared, his voice rising to push home the point, "They want peace".

Defends U. S. Proposals

Connally referred to the agreed portions of article 16 of the Italian peace treaty, giving the United Nations security council responsibility for maintaining the integrity and independence of Tireste, along with the right to name Triest's governor and to supervise its government.

He recalled the Soviet union had also agreed to these provisions, despite Molotov's statement Saturday that the Trieste assembly should be all-powerful, and that "foreign troops" should evacuate the city 30 days after the treaty is effective.

Answering criticism that the American proposal on Trieste's government was "undemocratic", Connally said that under the United States plan the assembly, elected by a universal secret ballot,

Johnny Neblett Dies In Chicago Crack-up

Chicago, Sept. 16—(AP)—Johnny Neblett, 33, Chicago radio announcer and producer of the widely-heard, transcribed show, "So the Story Goes", was killed Sunday evening when his BT-13 plane, a Navy primary trainer, crashed on Tam O'Shanter golf course in suburban Niles.

Brice A. Buckingham, 45, sales manager for the National Sheet Steel Company of Chicago, and a former resident of Salem, Wis., also died in the crash.

The two men had played golf at Tam O Shanter, left their wives at the country club and driven four miles to the Palwaukee airport, a private field. A few minutes later the plane appeared over Tam O'Shanter, circled low, banked sharply, then crashed into a high steel fence.

Neblett, who was reported to have logged about 400 flying hours, came to Chicago in 1912 after broadcasting over stations at Baton Rouge, La., Louisville, Ky., and St. Louis.

Greek Government in War on Leftist Crooks

Athens Sept. 16—(AP)—The Ministry of Public Order today reported 12 "bandits" killed in skirmishes as two bridges between Kalabaka and Ioannina were destroyed and 27 telegraph poles cut down in continuing efforts by leftists to disrupt communication lines in northern Greece.

Reds Rejected at Polls in Germany for Four Zones

Berlin, Sept. 16—(AP)—German voters in the American, British and French zones of occupation have rejected communism as their guiding political philosophy, at least for the time being.

This became apparent today when election returns from all four zones of the Reich became available. In the French and British zones' voting yesterday the communists were snowed under in much the same fashion as in the American zone elections held previously.

Incomplete returns from municipal and rural elections Sunday show the conservative Christian Socialists won in the French zone, moderate leftist Social Democrats leading after once trailing independents in the British zone, and the communist-dominated Socialist Unity party victorious in the Russian - occupied provinces of Brandenburg and Mecklenburg.

In the predominantly Catholic French area, the communists trailed far behind the Christian Socialists, corresponding to the Christian Democratic Union in the British and American zones Independents, because of the local nature of the elections, also piled up a considerable vote.

Unofficial returns compiled by the French military government showed the Christian Socialists ahead in all sections, the Saarland, Baden-Baden, the Palatinate and the Rhineland.

The combined returns: Christian Socialists 1,090,810; Socialists 493,086; Independents 410,820; Communists 152,356. Liberal Democrats drew 45,005 votes in Baden-Baden and a leftist group called the Party of the Palatine got 12,293 votes in the Palatinate.

Fresh Meats Gone; Poultry, Fish Now Nation's Main Dish

Dealers Warn Chickens Will Be Gone Soon Due to Rush

(By The Associated Press)

Fresh meat virtually disappeared from markets throughout the nation today and in some localities discouraged housewives had trouble buying even luncheon meat to bolster their vegetable menus.

Fish and poultry were the piece de resistance on many tables, and some poultry dealers warned that because of the rush their chicken supply would be gone in about two weeks. Packers reported they could obtain only a fraction of the animals they normally purchase for slaughter, and most butchers were pessimistic over the possibility of an early improvement in the situation.

St. Louis Markets Close

In St. Louis, a few retail meat markets were closed. Others were selling mostly meat substitutes. Poultry brought 80 cents a pound and up, dressed; cheese was at a record high of 44½ cents a pound for standard twins, and eggs sold at 44 to 46 cents a dozen wholesale, the highest price there since 1920. St. Louis' National stockyards, which normally has light receipts on Saturday, had none at all that day for the first time in its history.

Milwaukee reported most markets had no meat, but that small quantities of poultry still were available if ordered early. The Milwaukee livestock market reported its lowest receipts in years, with a total of 350 animals received Friday compared with a normal flow of about 5,000 daily.

Hospitals in Pittsburgh were running out of meat, and doctors worried about the health of patients suffering from metabolic disorders, such as diabetes who would be seriously affected by the lack of meat. Virtually no meat was obtainable in the city, and poultry dealers said their supply of chicken would be gone in about two weeks because of heavy demand. Pittsburgh's oldest butcher shop, Bissell's was without meat for the first time since it opened 69 years ago.

New York Shops Bare

A few New England restaurants with large storage facilities still had a little meat on hand, but housewives were getting by on chicken and fish. In New York city, butcher shops' shelves were virtually bare, and 5,000 Kosher butchers were closed for lack of supplies. In the Albany-Schnectady-Troy area poultry and cold cuts were available but getting scarce.

Other points reported similar situations.

Armour and company took half page advertisements in Chicago newspapers to explain "without livestock—no meat—no employment." The ads said Armour's Chicago plant over a six-year

Nickel Air Mail Due To Start Oct. 1 With New Volume Peak

New Rate Applies to All Air Mail to Canada; May Sort Enroute

Washington, Sept. 16—(AP)—The air mail postage rate will be just two cents an ounce more than ordinary letter rate, beginning Oct. 1.

For five cents an ounce you can air mail a letter to any point in the United States, to any U. S. territory and to members of the armed forces regardless of where they are stationed.

The present domestic rate is eight cents an ounce; the rate to and from members of the armed forces six cents a half-ounce.

The new five cent rate also will apply to letters mailed in the United States or any of its possessions to Canada. Under a reciprocal agreement this country and Canada give one another the benefit of their domestic air mail rates.

First Uniform Rate

For the first time in history, says the Post Office department, a uniform rate will apply to all air mail moving between U. S. territory. That is because the law reducing the rate specifies that all air mail destined to any U. S. territory will be treated as domestic mail.

This will involve reductions from current rates up to 90 cents an ounce. For example, the present air mail rate between the United States and the Canal Zone is 10 cents an ounce; to Guam, 35 cents and to Hawaii, 15 cents.

Existing air mail postage between Puerto Rico and Guam is 43 cents a half-ounce and between Guam and the Canal Zone 45 cents a half ounce.

The Post Office department on Dec. 23, 1941, set up a rate of six cents a half-ounce for air mail to or from the armed forces. This mail otherwise would have been subject to much higher foreign air mail rates.

"U. S. Flag Route"

The new five cent rate will apply to members of the U. S. armed forces anywhere in the world and also to civilian personnel authorized to receive mail through Army or Navy post offices.

The department plans to christen the new rate the "U. S. Flag Rate". An active promotional campaign is planned to stimulate air mail volume although the department expects record use of air mail under the reduced rate.

"It may be necessary before long to handle air mail the same way regular mail is treated now—that is to sort it en route.

Hence, the Post Office department will fly its first "mail car" from here to Chicago by way of Dayton, Ohio, on Sept. 25. The idea is to see how practicable it is to have mail clerks take to the airways just as they have to the railroads.

September 25 also is the day the new nickel air mail stamp and stamped envelope will go on exclusive first-day sale in Washington. They will be available for sale at other postoffice beginning Sept. 26.

The stamp will be of special delivery size, printed in red with a four engined transport plane as the central design.

Gypsies Trek Long Distances to Visit Their Stricken Queen

Philadelphia, Sept. 16—(AP)—Nomadic gypsies from all sections of the country flocked to the side of their queen today as she lay critically ill in University of Pennsylvania hospital.

Streets near the hospital were cluttered with cars that brought members of the wandering kingdom from such distant points as Chicago, Detroit, Kansas City and Cleveland to see 40-year-old Queen Marta Evans of Harrisburg Pa

"King" George Evans, acknowledged head of the Evans tribe, one of the largest and best known American gypsy groups estimated 100 had arrived already and hundreds more were expected

"The people have a great respect for her," he said of his wife, who was stricken with a serious ailment three months ago."

State Labor Group Hits Price Gouging; Ask Housing Action

Call on People to Study Voting Records of Men in Congress

Rockford, Ill., Sept. 16—(AP)—Members of the Illinois Federation of Labor were urged by their executive board to examine price control voting records of their congressmen, in a report which said that the period when price controls were off was marked by "the wildest extortion swindle ever leveled by businessmen and landlords at an unprotected people."

The board's annual report to the federation's annual convention opening today endorsed the state veterans' bonus bond issue and a state constitutional amendment, and attacked what it said was "political juggling" over the state's housing problem.

The bonus issue and the constitutional amendment will be on Nov. 5 election ballots.

Criticize Price Boosts

Discussing the absence of price control in July, the board said:

"Immediately, rent raising on the part of revenue hungry landlords and astonishing markups in living necessities by money-mad merchants made it clear that new price controls had to be enacted.

"It is doubtful the business world ever will be able to live down the greediness it displayed. What happened x x x is a classic example of public gouging at its worst."

Asserting that business interests "were manipulating our congress like a puppeteer," the report advised, "every wage earner should examine the voting record of his congressman and senator on x x price control. He will be surprised how many of them are unwilling to protect their constituents."

Oppose Sales Tax Hike

The proposed $385,000,000 bonus for ex-GI's, financed by extra tax on cigarettes and pari-mutuel betting, the report said, meets labor's suggestions for a "bonus approved by veteran organizations x x without any increase in the two per cent sales tax."

The board endorsed the constitutional amendment which would revise the counting of votes on future constitutional amendments by requiring a two-thirds approval of all votes cast on the amendment At present, a constitutional amendment requires a majority of all votes cast in an election hence a voter's failure to vote on the amendment is in effect a "no" vote.

Failure of the proposition, the board reported, would revive demands for a constitutional convention and "the whole constitution would be put to risk."

On housing, the board said.

"Political juggling (and) quibbling must stop x x Evictions should cease until the emergency has passed. x x It is idle to quarrel about the relative merits of free enterprise activities and those of governmental agencies x x. Put them to work."

Coffee, Soup Stolen From Chicago Trucker

Chicago, Sept. 16—(AP)—Whoever looted Peter Moallankamp's truck has the makings of a liquid diet.

Moallankamp, of Mound City, Ill., reported to police that while he slept in a west side hotel his parked truck was emptied of 400 pounds of coffee and five cases of soup concentrate valued at $210.

U. S. Appeals for Support by U. N. of Refugee Plan

Lake Success, N. Y., Sept. 16—(AP)—President Truman today called on the United Nations to summon a world scientific conference on conservation to study global resources, including "the possible peaceful uses of atomic energy within the next few decades.

The presidential request, submitted to the economic and social council through delegate John G. Winant, asked the council to convene a United Nations Scientific Conference on Resources conservation and Utilization in the last six months of 1947 somewhere in the United States.

Declaring that conservation "can become a major basis of peace," the president said:

"Warfare has taken a heavy toll of many natural resources; the rebuilding of the nations and the industrialization of under-developed areas will require an additional large depletion of them Waste, destruction and uneconomic use of resources anywhere damage mankind's common estate.

"Fear Causes War"

"The real or exaggerated fear of resource shortages and declining standards of living has in the past involved nations in warfare. Every member of the United Nations is deeply interested in preventing a recurrence of that fear and of those consequences."

The United States proposed that a preparatory committee be set up to organize the conference and said it would later suggest countries for membership on the drafting group.

In a suggested agenda accompanying the request to the United Nations, the president included a list of the problems of energy resources with the first item as follows:

"Major economic uses of atomic energy, by areas, based on varying assumptions of production cost."

President Truman's request reached the council as the United States delegate drafted a strong appeal to the council for full financial support of the proposed refugee program which has been tentatively rejected by Russia and other countries.

Sleepers Ask Less Noise From Planes In Demands to CAA

Washington, Sept. 16.—(AP)—Voices are becoming louder in favor of quieter airplanes.

The Civilian Aeronautics Administration said today complaints about noisy aircraft have more than doubled since the first of the year.

They're coming in direct, by way of congressmen and even through the White House.

Administrator T. P. Wright told a reporter the CAA "is doing all it can to induce pilots to consider the detrimental effects of noise on aviation in general."

"But when all is said and done," he added, "the real answer is in the hands of the engineers—reducing the noise at its source."

Wright said the CAA believes that the only way to correct the noise problem is to induce aircraft manufacturers to place mufflers on aircraft engines and to devise some way to cut down, if not eliminate altogether, the noise from propellers.

Until this is done, about all the CAA says it can do is write notes of sympathy in reply to such complaints as these from:

A man in Brooklyn—"I am taking sleeping tablets now—will you please see if something cannot be done soon?"

A Minneapolis woman—"Living is being made wretched for many people, including myself by the noisy, low-flying planes overhead all day."

A St. Louis correspondent—"People living in the suburbs and quieter residential sections of cities are becoming impatient with plane noise."

Chinese Peace Hopes Gone As Reds Resist

Nanking, Sept. 16—(AP)—Government troops drove deepening wedges into the Chinese Communists' Yenan-Kalgan line of communications today, seeking to isolate the two key Red cities—and peace hopes dropped to zero.

Communist spokesman Wang Ping-Nan acknowledged that "we may lose this or that city or this or that area", but added that "we are not worried . . . The government may seize land, but cannot win the war against us as long as our troops are intact".

And the Reds will not discuss any political settlement, he reiterated, until Chiang Kai-Shek pledges an unconditional cease-fire order. This Chiang has been unwilling to do.

Grand Jury Studies Charges Brought in By States Attorney

Damage Suit for $1,420; First Case Set on September Docket

The grand jury for the September term of court convened at 10 a. m. today, and immediately took up the consideration of at least six cases presented by State's Attorney Morey C. Pires. Meanwhile Judge George C. Dixon set trial dates for cases on the September docket, with the $1,420 damage suit of Herbert O. Carr against the Dixon Distilled Water Ice company, scheduled for Sept. 23, as first on the list.

Ivan H. Glaser, Willow Creek, was named foreman of the jury.

Expected to receive consideration by the grand jury were state charges against Gunther M. Storbeck, Harry Winters, Marshall Stauffer, William Swain, Clarence and Willard Ware and Augusta Ackerman.

Storbeck, a navy veteran from Wisconsin, is charged with the theft of a car belonging to Jack Woodyatt in June. Winters is charged with taking approximately $90 from Mrs. Vivian Ratley in June. Stauffer, formerly of Amboy and Dixon, brought back here from Colorado earlier in the summer, is charged with the robbery of the Bybee grocery store in Amboy in May, where approximately $241 was taken. Swain faces a statutory charge.

The Ware brothers are charged with operating a confidence game to obtain funds from Mrs. Anna Mae Jordan, Ashton, 48-year-old mother of six children. The brothers have been languishing in jail here since last spring, when they were turned over to local authorities by Rockford police, where they allegedly purchased a car with funds obtained from Mrs. Jordan, later hitting a pedestrian there with it.

Carr's suit, which names Earl E. Prince, Emma Weidert Prince and Sarah H. Parrish as defendants, asks $1,420 damages, alleging that his car was struck July 3, 1945, on route 52 a mile north of Sublette by a truck belonging to the Distilled Water Ice company and operated by C. J. Huff.

The complaint set damages to the car, which was rendered useless according to the charge, at $600, and estimates damage to his business earnings at $720. Medical bills for injuries sustained are estimated at $100.

Set for trial Tuesday, Sept. 24, is the $10,000 damage suit brought by Robert Thompson, 821 Nachusa avenue, against the city of

Escaped Nazi, His Liberators Nabbed

Detroit, Sept. 16—(AP)—Rudolph Joseph Soelch, 24, identified as a former bodyguard of Herman Goering, was held by the FBI today, together with a woman who had hidden him since his escape from a California prisoner of war camp six months ago.

Robert A. Guerin, FBI agent in charge here who announced the arrests, said the woman was Mrs. Joan McBride, 42. Soelch, Guerin said, has been living in Detroit as "Mr. McBride", and working as a baker and bus boy. Mrs. McBride was a waitress.

Mrs. McBride's husband, James, was arrested Saturday at the home of his mother in Bristol, Pa.

The FBI said Mr. and Mrs. McBride picked up Soelch last April 12 on a lonely road near Camp Haan, a prisoner of war camp near Riverside, Calif. Soon after arriving here McBride went to live with his mother.

Soelch's escape was planned by the McBrides, the FBI said.

Soelch was a member of the Hitler youth and later served in the Herman Goering division as a bodyguard to the No. 2 Nazi. The division was sent to North Africa and Soelch was captured by the British in Tunisia.

Will Hang Jap Officer Medical Chief in Camp Which Held Wainwright

Terveer Hoyle Is Bride of Douglas Riley on Saturday

St. Patrick's rectory was the scene for a pretty fall wedding which united the lives of two popular young people of this vicinity.

At 11:30 a. m. Saturday, Sept. 14, Miss Terveer Hoyle became the bride of Douglas Riley in a single ring ceremony performed by Father W. C. Roberts.

The bride was lovely in a fall suit of dark green with smoke white and brown accessories: She wore a corsage of red roses and a string of pearls, a gift of the groom ,and was attended by Mrs Edward Whitney, who wore a brown suit with brown accessories and a corsage of pink roses. The earrings, which Mrs. Whitney wore were a gift of the bride.

The groom wore the conventional businessman's suit, in a shade of brown and was attended by Donald McKeown of Amboy who wore a grey suit. Both young men wore white chrysthemums in their lapels.

The ceremony was witnessed by the immediate families after which a wedding dinner for 28 guests was served at Peter Pipers country dining room. The bride's table was centered by a lovely three-tiered, white wedding cake which was traditionally cut by the bride and groom.

Terveer is the only child of Mr. and Mrs John Hoyle of R. R. 4. She is a graduate of Amboy high school and took a course in nurses training. She was formerly employed at the Warmolt's clinic in Oregon.

Douglas is the son of Mr. and Mrs. Harry Riley of Lee Center and is a graduate of Lee Center high school. He was in the service of his country almost four years and is a veterans of the E. T. O. He is now attending Normal University at Bloomington, where the young couple will reside.

The young couple are extended the best of good wishes for their future happiness by a host of friends.

WESLEYAN SOC. TO MEET

The Wesleyan society of the Methodist church will hold its September meeting Tuesday, with a scramble supper at 6.30 p. m., followed by an interesting program.

Dixon Woman's Club Flower Show Proves Highly Successful Event

The flower show staged by the garden department of the Dixon Woman's club on Thursday and Friday at the Lutheran church proved to be a gratifying success, and much credit is due the committee and townspeople for their untiring efforts to make it so.

The judges were Mrs. Ralph Lane and Mrs. West of Morrison, Mrs. Lucie Box Meyer and Mrs. Elsworth Peters of Sterling, and Mrs. C. M Hattand and Miss Mau of Walnut.

Cook's Flower Shop made a beautiful exhibit featuring autumn colors, great bronze and yellow mums, yellow Fiji mums and everlasting flowers The House of Flowers also featured fall flowers, yellow mums and purple asters, large, creamy colored mums, etc. The Henry Lohse nursery built a lovely garden nook-a pool, stone wall, green lawn, garden seats and many evergreen trees. These commercial exhibits added greatly to the beauty of the show.

The outstanding exhibit of the show, chosen by popular vote the first evening, was an all-white arrangement of gladioli and astors, and was grown and arranged by Miss Ruth Brown.

The still life pictures featuring the months of the year, were well done and greatly enjoyed.

The guest book showed 450 persons attended the show, including guests from seven states and 16 Illinois cities. 300 exhibits were shown and 166 ribbons awarded

Blankenbaker - Bill Hollingsworth Wed on Friday Morning

The First Christian church of Dixon was the scene of a beautiful wedding at 10:00 Friday morning The Rev. Marvin Brown joined in holy matrimony Mary Blankenbaker and Billy Hollingsworth by double ring ceremony. Mr. and Mrs. D. S. Hollingsworth attended the couple as matron of honor and best man. The bride's brother, Burton Jones, acted as usher

The bride was lovely in a gown of aqua nylon with the over skirt of brocaded silk net and matching sleeve mitts and a blusher veil tiarra edged in forget-me-nots The bride carried a bouquet of red and white rosebuds and wore a double strand of pearls, the gift of the bride-groom.

The matron of honor wore a gown of pink satin and net with matching mitts, and wore a corsage of white rose-buds.

The bride's mother, Mrs Clara Jones and the groom's eldest sister, Mrs. Lyle Shippert were attired in smart suits and wore identical corsages of pink and white carnations.

Miss Darlene Shippert niece of the groom, sang two beautiful numbers "Because" and "The Lord's Prayer," by Malotte Miss Lois Fellows presided at the organ playing traditional wedding marches.

At the altar were 14 white candles flanked by two huge baskets of white gladioli and button chrysanthemums. The bride's sister and a few close relation and friends attended.

The bridal party then attended a wedding breakfast at the Town House The newlyweds will make their home at 1507 West Ninth street

HELD LINEN SHOWER FOR TERVEER HOYLE

Mrs. Edward Whitney and Mrs. Edna Topper were hostesses at a pre-nuptial linen shower for Terveer Hoyle on Monday evening at the former's home.

Fall flowers decorated the house, and the gifts were placed on the dining table beneath a green and pink umbrella with pink and green tapers on either side.

The evening was spent making scrap books which were later presented to the bride.

Dainty refreshments in keeping with the color scheme were served at a late hour after which Terveer opened her many beautiful gifts.

Gift cards read from the following Mesdames Clarence Bothe, Albert Bothe, Leon Burkett, Sherman Shaw, George Ives, Donald Miller, Horace Mulkins, Byron Blum, Hubert Osborne, Charles Dieterle, Raymond Johnson, Wiley Shippert Elwood Ortgiesen, Bert Lindeman, Dorrance Pierce, Jack Young and the Misses June Welty Doris Johns, Genevieve Shippert, Darlene Burkett Charlotte Bothe, Peggy Moore and the hostesses Mrs John Hoyle, Mrs. Bert Lindeman and Mrs Jack Young were unable to attend. Flower Hats Gain Wider Favor

Flowers enhance beauty, and lovely Faye Marlowe, top, opens a curtain of gladiolas to show off her new orchid bonnet. With other stars of stage and screen, she glamorized new floral styles at the New York international convention of Florists' Telegraph Delivery Association, the first since 1941. Coutouriers predict that flower hats, like the "Glamelia," lower left, bound with Maline ribbon, and the "sophisticated orchid" and ermine model at lower right, will be especially popular during the coming winter season.

East All-Stars Get Easy 10-2 Victory in Midwest's Classic

Score Seven Runs in Big Sixth Inning Splurge To Decide Game

The Eastern division made it a clean sweep for the season yesterday when the Eastern All-Stars drubbed the best the Western division could offer at Reynolds field in the first All-Star game, 10-2, before an overflow crowd.

A seven run blast in the sixth frame did it for the Easterners, changing to a 3 to 1 pitchers battle into a route and giving them a clean sweep of the play offs, where Roberts & Hess beat Walton in two games, and the All-Star fracas.

Went Frye went along smoothly for the Westerners during his three innings on the hill, piling up five strikeouts before he turned the job over to Tom Powers in the fourth. But after he left plenty happened. The only hit during Frye's tenure was a home run which Boyle poked over the left center field barrier in the second inning, pushing the Easterners off to a lead they never relinquished

Town and Richardson paired hits in the fourth to give the Easterners their second run, and they hit the jack-pot in the sixth.

Bill Grove and Ray Walter contributed two baggers to the big sixth inning assault, which also saw Richardson, Boyle and Hanson hit safely, with Zinke getting a pass in the melee

Tom Powers scored the first run for the West when he singled in the fifth and crossed the plate after Ellis had singled They finished their scoring in the seventh when Leonard singled and made the remainder of the trip on infield outs.

Bud Kerley and George McGraham gave up the Westerners' runs. Schmidt toiled three innings, holding the Western squad hitless during his stint.

More Seats to Be Available Friday in Rochelle Game

The Dukes, fresh from a crushing 39 to 12 victory in the season's opener here Friday night against DePue go back to work today to prepare for Rochelle, which is slated to appear here Friday

Athletic Director A. C. Bowers announced this week end that additional bleacher seats to accommodate about 500 persons will be erected along the eastern sidelines to take care of the overflow Last Friday night approximately 1,000 spectators were forced to stand during the game viewing the contest through the fence.

Friday's victory was a decisive one for the locals, who rolled up 409 yards by rushing to 88 for the losers, who failed to show any offensive threats which were sustained Outweighed, the Dukes outcharged and outfought their opponets throughout, and showed flashes of good downfield blocking, particularly on the fifty yard run Mike McDonald made to score after grabbing a DePue pass along the western sidelines

Braves Get Fan Ideas On Improving Games

Boston, Sept. 16—(AP) —The Braves are soliciting suggestions from fans as to how the club best can serve those woh come to see them play.

Prizes of nylon stockings, season passes and other trophies are to be awarded

A few that have been turned in so far.

From a male fan—Start all doubleheaders at five o'clock and turn on the lights when necessary.

From a female fan—Why not have neon foul lines stretching from home plate to both left and right field fences?

From another woman—"I ask that there be no beer served, that smoking be prohibited and that there be less noise at games."

Five Schools Open Big Nine Football Struggle Saturday

Western Conference Will Open Officially Week From Saturday

(By The Associated Press)

Five western conference schools —Illinois, Wisconsin, Purdue, Indiana and Iowa—will inaugurate the 1946 football season Saturday in a tune-up schedule topped by the Illinois game at Pittsburgh.

The Big 9 championship race will formally open a week from Saturday with Indiana at Michigan and Purdue at Iowa Other contests on that date are Notre Dame at Illinois, Nebraska at Minnesota, Iowa State at Northwestern, Missouri at Ohio State and Wisconsin at California.

Of the five games this week, only Illinois will be playing away from home. Marquette is at Wisconsin, Cincinnati at Indiana, North Dakota State at Iowa and Miami O. at Purdue.

Perry Moss, ranked 14th nationally among collegiate passers when he was a freshman at Tulsa in 1944 was expected to complete his summer school work today and be eligible to play quarterback for Illinois in the Pitt game.

Has Strong Line

With such other standouts as "Buddy" Young and Julie Rykovich in the backfield, and one of the strongest lines in the conference, Illinois should find little trouble ontclassing the Panthers. Coach Ray Eliot has pointed his squad in practices for its home game the following week against Notre Dame, a spectacle expected to draw 70 000 fans.

Miami has lost only three games in two years under Coach Sid Gillman and is banking on a speed attack to upset Purdue. Hampered by injuries, Purdue Coach Cecil Isbell has not decided on his starting lineup. During the week, three of the leading halfback candidates, Bill Canfield, Bill Barnard and Harry Szulborski, have been sidelined with injuries.

Wisconsin Favored

The traditional rivalry between Marquette and Wisconsin, which annually draws 40,000 fans or more, should be a victory for the Badgers. The Hilltoppers coach, Frank Murray, returning after a nine year tenure at the University of Virginia, has only 17 lettermen and lacks experiencer players at key positions. He learned yesterda y that two of his ends will be unableo to play against Wisconsin. Tom McKenzie of Appleton, Wis., unable to play against Wisconsin Saturday's practice game, and Tony Van Tralen of Kimberly, Wis., underwent an emergency appendectomy.

Harrison in Playoff for Nashville Tournament

Nashville, Tenn., Sept. 16—(AP) E. J. "Dutch" Harrison's 20-foot putt and Johnny Palmer's collapse on the final hole sent the two golfers into today's playoff in the $10,000 Nashville Invitational tournament.

Harrison, of Little Rock, Ark., fired his birdie two on the 18th hole of the fourth round for a five-under-par 66 on the 6,343-yard Richland course. Palmer, of Badin, N. C., failed on a short downhill stroke to miss the $2,000 prize money yesterday, giving him a 68.

That gave each a 266 for the 72 holes—18 under par.

Dead Heat for Top N L Billing Likely In Last Two Weeks

Bums Have Three More Games to Play; All Even on Losses

(By The Associated Press)

For the first time in major league baseball, two teams—Brooklyn and St. Louis—may wind up the complete season in a dead heat for the flag

With exactly two weeks of the campaign remaining, the Cardinals possess a game and a half lead over the Dodgers in one of the tightest pennant races the National league has ever known However, both teams are all even in the lost ledger. The Cards advantage is all in the win column since they've played and won three more games than Brooklyn.

	Won	Lost	Pct	Games Behind	To Play
St Louis	90	53	.629		11
St Louis	87	53	.621	1½	14

Unless rain interferes, the Dodgers should make up those three games by Friday at which time each contender will have played 146 games with eight to go. The Dodgers' 19-inning tie with the Cincinnati Reds is slated to be played off Friday.

The Cardinals gained a full game on the Brooks yesterday when they defeated the Giants twice 3-0 and 7-4 while the Dodgers were held to a split by the Cubs

After dropping a thrilling 4-3, 10-inning decision to the Cubs, the Dodgers, behind Kirby Higbe's one-hit pitching, bounced back to win the afterpiece of the double header 2-0. The game was halted after five innings by a combination of semi-darkness and a swarm of gnats which infested Ebbet's field, packed to capacity by 32,264 cash customers.

Dave Ferriss, Boston's brilliant sophomore, won his 25th game as the American league champion Red Sox split with the Chicago White Sox. Ferris allowed eight hits in winning the opener 4-1 but Chicago came back to blank the Red Sox 6-0, behind Johnny Rigney

Ferris thus tied the American league record of Wes Ferrell who won 46 games in his first two complete seasons for the Cleveland Indians.

Bill McCahan, making his first start in the major leagues, bested Bob Feller in a hurling duel as the Philadelphia Athletics split with the Indians. After Bob Lemon had pitched the Tribe to an 8-1 victory, McCahan limited the Indians to seven hits with a 2-0 win. The game was halted after seven innings because of darkness.

The St. Louis Browns won twice from the New York Yankees 1-0 and 2-1 Rookies Jack Sanford, making his major league debut limited the Yanks to five hits in the first game.

Buddy Lewis and Cecil Travis collected nine hits between them and pitcher Early Wynn hit a grand slam home run to help Washington outslug the Detroit Tigers 15-5.

The Boston Braves advanced to within two games of the third place Cubs by whipping the Reds twice 2-1 and 6-1. The first game defeat was the Reds' 37th by one run

The Phillies offset a single tally by Pittsburgh in the top half of the 11th inning with two in their half to defeat the Pirates 6-5. The victory enabled the Phils to wrest fifth place from the Reds.

Forty Niners Defeat Miami in A. A. Opener

San Francisco, Sept 16—(AP) —The San Francisco Forty-Niners struck pay dirt for the first time yesterday in the All America pro football conference thanks to a hardy prospector name Dick Renfro.

Mr Renfro, who learned his trade at Washington State, panned out all three touchdowns in the Forty-Niners' 21 to 14 victory over Miami's Seahawks before an estimated 25 000 customers.

Grid Player Fights Irk Truman; Rumor McWilliams Draft

Battles About Resigning Players Seen Causing New Action

Memphis, Tenn., Sept. 16—(AP) —President Truman reportedly has ordered the induction into military service of football stars who have left West Point and Annapolis to play at the old home school, the Commercial Appeal said today in a copyrighted story.

It is understood, said the paper that Mr. Truman has become pretty irked about the departures from the academies and has ordered his military aide, Maj. Jen. Harry H Vaughan, to do something about it.

"This 'something' is reported to be a series of phone calls to the Selective Service officials of the states which are harboring 'escapees'—phone calls suggesting that draft boards immediately induct football stars who have left West Point and Annapolis to play at the old home schools," the paper said

Scott, Kelly May Go

Such action, the story added, would affect Thomas (Shorty) McWilliams of Mississippi State, Clyde Scott of Arkansas, and Notre Dame's Bob Kelly.

In Washington, there was no comment immediately available from the White House.

The article, written by Sports Editor Walter Stewart, said Mr. Truman was "taking a robust hand in the acrimonious McWilliams controversy."

Col James L. Davis Mississippi State director of Selective Service, said that McWilliams, who recently resigned from West Point, has not registered for the draft but indicated he had been notified he should register

Scott, former fullback for Navy who returned to Arkansas, was classified 1-A by his local draft board recently.

May Finish Season

Stewart said the draft board "pressure may be delayed long enough to enable the men in question to play out the season" and quoted Davis as saying "he had not yet received instructions from Washington."

The paper said it had learned from Davis that "in the event McWilliams is called, he would not be given a pre-induction examination until November and would not receive his call until 21 days after this.

"McWilliams, as a student of advanced military science would be placed in class 4-B"

However the story added, "a special classification for men failing to complete the course at service schools may exist. The facts concerning this angle of the McWilliams scramble are not immediately available."

Evansville Wins 3 Eye Title from Terre Haute

Terre Haute, Ind., Sept. 16 — (AP)— Evansville, the Boston Braves affiliate, pocketed $800 today for winning the Three I League championship playoffs with three straight victories over Terre Haute.

Manager Bob Coleman's Braves downed the Phillies yesterday 8-2, salting away the deciding game in the series with four runs in the first inning to back up the four-hit pitching of Whitcher.

Evansville finished the Three-I league campaign in third place, while Terre Haute was fourth. The Davenport Cubs pennant winners, were eliminated from the playoff series by Evansville, while Terre Haute knocked out runner-up Danville

The 1946 Three I league season was one of the circuit's most successful, from standpoint of attendance as well as closeness of the pennant race Danville and Davenport were tied on the concluding day and had to play off for the flag in an extra game.

Standard Oil announces

A great new motor oil

Permalube Removes the "goo" Improves the go!

Gives you premium-plus lubrication

Here's the latest idea in motor oils . . . remove the "goo." Get rid of engine deposits of soot, varnish, carbon, and sludge . . . and you definitely unprove the *go!* There's nothing to stifle power, stick rings, or put a damper on free valve action. You get a sweeter-running engine . . . a better-lubricated, longer-lasting one, too.

Permalube, Standard's great new motor oil, gives you this premium-plus lubrication. It does more than thoroughly lubricate it cleans your engine and *keeps* it clean.

For Permalube contains a patented ingredient that not only cleans up deposits already present, but also prevents new ones from forming. It keeps engine dirt in harmless suspension . . . unable to interfere with free valve action and smooth, powerful piston strokes. The "goo" drains out when you change oil.

So, remove the "goo," improve the go! Change to Permalube, Standard's finest motor oil, 35c a quart.

"I never saw oil drain out so dirty!"
"Good! That shows Permalube's been taking out the 'goo'!"

When you wash your hands the basin water gets dirty. But your *hands* get *clean!* Same way when you use Permalube Motor Oil. The *oil* gets dirty. But the *engine* gets *clean.* The dirt is carried *out* of the engine when you *drain* out the oil.

Change to Permalube for premium-plus lubrication

Observations

By DeWITT MacKENZIE
AP Foreign Affairs Analyst

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

British officialdom heaved a mighty sigh of relief on learning that Secretary of Commerce Wallace's foreign affairs pronouncement—which was widely interpreted in England as "anti-British" and "dangerously pro-Russian"—didn't represent a change in American foreign policy.

Downing street was "very pleased," to use the phrase of a foreign office spokesman, at President Truman's statement that he didn't endorse Wallace's speech but rather the right to make it. The spokesman might have added with equal truth that the average Briton—or the average European for that matter—would be vastly astonished that a cabinet minister should have such freedom of unilateral action.

Entire Cabinet Bound

In Britain—and in most, if not all, European countries—a statement by one member of cabinet is binding on the whole cabinet, from the prime minister down. For this reason no member of the cabinet ever makes a statement which might even remotely affect government policy without having discussed it with the premier and his colleagues.

If approval is given, then the entire cabinet stands back of it. If the prime minister disapproves, then the statement cannot be made—or if by any chance it were made, then the minister who had violated the code would be forced to resign and his statement would forthwith be disavowed by the government.

In Britain this cabinet tradition is followed so closely that a cabinet minister won't give an interview "on the record" regarding government affairs unless the matter is submitted to the cabinet for approval.

Prime Ministers Hesitate

Prime ministers of course can speak for themselves if they want to, because as heads of government they are responsible for policies. However, I have had a premier say to me after he had given me a statement:

"I should like to discuss this with my colleagues before publication."

So far as the ordinary member of cabinet is concerned, if he doesn't agree with the policies of the prime minister—or at least if he doesn't back them up—then he must resign. If the policies of the prime minister and his cabinet advisers go wrong, then parliament kicks them out of office forthwith and a new ministry is formed.

Interesting Variations

Speaking of interviews, I've had them with a lot of heads of state during my more than thirty years in the AP Foreign Service, and they offer interesting variations. For instance, I had the unusual experience of getting an interview over the 'phone from the late David Lloyd George, England's famous premier during the first World War. When he had finished I asked if he would like me to submit the interview to see if the direct quotes were correct.

"Oh, no," he replied. "You will handle it all right."

During my recent trip abroad I had a long conversation with Prime Minister de Valera in Dublin. He talked "turkey," but wouldn't be quoted. In London I had a private chat with Prime Minister Attlee, and he also preferred not to be quoted but I was permitted to give my "personal impressions" of what his beliefs were. Premier Schermerhorn of Holland talked freely for quotation. So did Generalissimo Franco of Madrid.

However, as previously remarked, a head of government is in a different position from an ordinary cabinet minister when it comes to discussing matters of state.

Floating Homes Plan For Navy Pier Students

Chicago, Sept. 16—(AP) — A proposal that two plane carriers and an excursion ship be used to house 1,000 students at the University of Illinois' Navy Pier branch, opening this fall, is before Commissioner of Public Works Oscar E. Hewitt.

R. M. Jackson, a licensed boat operator, proposed to remodel the carriers Wolverine and Sable, and the steamer, City of Grand Rapids, to provide single rooms and three and four-room apartments. He estimated the remodeling cost at $134,000.

However, Jackson said he had not asked the government if the carriers could be made available for the purpose, nor had he obtained a lease on the City of Grand Rapids.

SPECIAL ASSESSMENT NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Dixon, in the County of Lee and State of Illinois, has by Local Improvement Ordinance Number 304, Series of 1946, passed by the City Council of said City, August 30, 1946, and approved by the Mayor of said City, August 30, 1946, ordered the construction of a sanitary sewer in parts of Douglas Avenue and Ninth Street in the City of Dixon, Illinois, along lines described as follows:

Line "A". Commencing at Manhole No. A-1 to be constructed on the existing sanitary sewers at the intersection of Douglas Avenue and Rock Island Road with an eight (8) inch sewer and extending thence southerly in Douglas Avenue a distance of two hundred forty-three (243) feet to Manhole No. A-2 to be constructed; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred twenty (220) feet to Manhole No. A-4 to be constructed; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred twenty (220) feet to Manhole No. A-5 to be constructed; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred twenty-five (225) feet to Manhole No. A-6 to be constructed; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred twenty-four and nine-tenths (224.9) feet to Manhole No. A-7 to be constructed at the intersection of Douglas Avenue and Ninth Street; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred forty-two and one tenth (242.1) feet to Manhole No. A-8 to be constructed; thence continuing southerly in Douglas Avenue with an eight (8) inch sewer a distance of two hundred twenty-six and six-tenths (226.6) feet to Manhole No. A-9 to be constructed at the intersection of Douglas Avenue and Factory Street.

Line "B". Commencing at Manhole No. A-7 to be constructed at the intersection of Douglas Avenue and Ninth Street with an eight (8) inch sewer and extending thence easterly in Ninth Street a distance of two hundred fifty-five (255) feet to Manhole No. B-1 to be constructed.

Line "C". Commencing at Manhole No. A-7 to be constructed at the intersection of Douglas Avenue and Ninth Street with an eight (8) inch sewer and extending thence westerly in Ninth Street a distance of three hundred and five (305) feet to Manhole No. C-1 to be constructed.

All with necessary manholes and house connection laterals, all in the City of Dixon, Lee County, Illinois, as specified in said Ordinance.

Notice is further given that said Ordinance is now on file in the office of the City Clerk of said City of Dixon; that application has been made to the County Court of Lee County, Illinois for an assessment of the cost of said improvement according to the benefits as provided by law and said Ordinance; that an assessment therefor has been made and returned to said Court and that the final hearing thereon will be held before the said Court in the County Court Room in the Court House in Dixon, in said Lee County, at Ten o'clock A. M. on Monday, the seventh day of October, A. D. 1946, or as soon thereafter as the business of said Court will permit.

All persons desiring may file objections to said assessment in said Court before said time and may appear at said hearing and make defense.

Said Assessment is payable in Ten (10) annual installments and all installments bear interest at the rate of Five (5) per cent per annum according to law, until paid.

Dated, September 16, 1946.
EDWIN W. MERRICK,
Commissioner.

DEFENSIVE OIL

The oil obtained from the stomach of the fulmar petrel is used commercially in various ways. The bird spits this oil at its enemies in defending itself, with the penetrating smell of the oil adding to its effectiveness.

OVERCAME HANDICAP

Although totally blind, E.A. Burdett, of Wayne, N. J., built a seven room, two-story house, doing all work with exception of the masonry and plumbing. Burdette was not a carpenter before he became blind, but a jeweler.
